Title: Artwork for Sierra College Drive Roundabout

Recommended Motion: That Council review and approve the proposed concept for the addition of a John Mowen sculpture in the center of Sierra College Drive Roundabout (SCDR).

Agenda: Administrative

Background Information: Roundabouts provide a unique opportunity to display artwork and define gateways. In FY 2009/10, Council approved the installation a Kurt Steger artwork in the East Main-Idaho Maryland Roundabout to provide a gateway statement to downtown honoring the City's history by creating free-standing artwork depicting the City's historic past. The City has now received a request to place another artwork sculpture by John Mowen in the center of SCDR. Attached are a couple of pictures of the proposed sculpture for Council consideration.

Staff will present more details and information at the Council meeting for Council consideration.

Council Goals/Objectives: This resolution executes portions of work tasks towards achieving/maintaining Strategic Plan – City Infrastructure Investment.
